

# the Harrold

**Week of May 14-19, 2018**

## Interesting Facts for the Week

Sure, he developed the Theory of Relativity, but not everything Einstein did made perfect sense. For instance, he hated socks and often refused to wear them at all. Tesla was a genius...who also happened to be in love with pigeons. He was very fond of one pigeon in particular. He wrote about her: "I loved that pigeon as a man loves a woman, and she loved me. As long as I had her, there was a purpose to my life."

According to legend, Henry Ford — a close friend of Thomas Edison — asked Edison's son to capture the inventor's final breath in a test tube. He did so, and the test tube is now on display at the Henry Ford Museum in Dearborn, Michigan.

## this week

### After School Detention

Myers

- © The teacher workdays for the week of June 4<sup>th</sup>-8<sup>th</sup> will last 4 hours. We'll most likely be starting at 7:30 unless I hear requests otherwise from an ISAAHC (*Improvised Self-Appointed Ad Hoc Committee*).

## this week cont.
